Subject: Request for a certificate of testing results of the MAXIMUS GREEN brand Fuel Energizer Magnetic Collar device

Dear Thai Energy Conservation Company Limited

Refer to the minutes of the working group's meeting on testing materials and equipment and selecting those with preliminary technical qualifications.

(Pre-Qualification : PQ) in the Mechanical Engineering Department, 2nd time/2024 on Friday 13 December 2024

Attachment **With a certificate of test results of Fuel Energizer Magnetic Collar, MAXIMUS GREEN brand, England.**

As the company has delivered Fuel Energizer Magnetic Collar products, MAXIMUS GREEN brand, from England, for testing with 115 Power Cars of passenger cars to test the company's equipment according to the terms and conditions signed by the company with the mechanical department. From monitoring the use of the Fuel Energizer Magnetic Collar, it has been used for 5 months and the kilometers traveled are more than 72,000 km. The meeting of the Material Testing Working Group on December 13, 2024 considered that the Fuel Energizer Magnetic Collar products, MAXIMUS GREEN brand, have passed the test according to the specified **standards.**

Therefore, I would like to inform you to please come and receive the test result certificate and get the spare parts back.

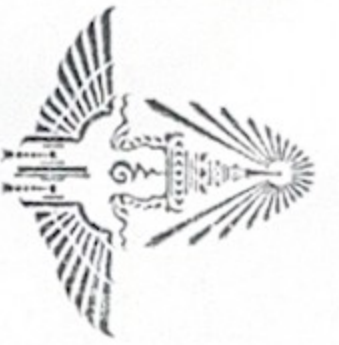

Best regards

(Mr. Anan Phothinimdang)
